Enteral Nutrition in Preterm Infants: ESPGHAN Recommendations

4 weeks | 3 hours learning per week

Are **you** a healthcare professional or student working in a neonatal unit?

This FutureLearn course will help you gain a knowledge of nutrient intake based on the latest evidence from the ESPGHAN Committee of Nutrition (CoN).

This internationally relevant course is for doctors, nurses, dieticians and pharmacists. You can use this knowledge to develop a safer and more effective clinical practice and improve your care.
