

13th International Conference on Nutrition & Growth

April 9-11, 2026 | Prague, Czech Republic

Join us if you want to:

- Explore how **optimal nutrition in early life** drives healthy growth and long-term health outcomes.
- Hear the **latest evidence, clinical insights**, and practice-changing developments at the interface of nutrition and paediatric growth.
- Expand your professional network, **exchange ideas** with leading experts, and **explore new opportunities** for collaboration.
- Connect with peers from around the world and **present your research** to an international audience.

Sing up today to benefit from the best rates possible – until 28 January 2026

Mark your calendar and start planning your participation in **N&G 2026** – where science, clinical practice, and community come together.

We'll see you in Prague!
